Custom apparel + event products / final specifications to confirm

APPAREL. BAGS. EVENTS.

2026 / PRODUCT COLLECTION

We manufacture what you imagine.

A coordinated collection of motocross apparel, casualwear, travel bags and event essentials for teams, brands and organizers.

APPAREL + ACCESSORIES

Race jerseys and pants, gloves, outerwear, casual garments, headwear and socks. Select the photographed style and colour direction, then confirm the garment specification and fit.

BAGS + PACKS

Rolling gear bags, duffels, cabin luggage, equipment pouches, daypacks, hydration packs and a tool waist pack. Each product family is presented once with its available photographed viewpoints.

EVENT PRODUCT DEVELOPMENT

Awards, printed displays, race bibs and participant merchandise are development options. Materials, dimensions, production or sourcing route, minimum quantities and commercial terms are confirmed for each order.

GEAR BAGS + DUFFELS

LE-BG-GB01 / LE-BG-DF01

Rolling gear-bag and duffel concepts with coordinated travel storage and carry options.

SPECIFICATION TO CONFIRM

Fabric, lining, wheel system, handles, compartments, dimensions, capacity and packing.

CABIN LUGGAGE + TRAVEL PACK

LE-BG-CB01 / LE-BG-TP01

Rolling cabin-bag and structured travel-backpack concepts. The backpack includes a photographed rear view.

SPECIFICATION TO CONFIRM

Finished dimensions, airline suitability, handle extension, wheel hardware, compartments and shoulder-strap construction.

EQUIPMENT + COMPACT CARRY

LE-BG-EQ01 / LE-BG-CC01

Tall equipment-pouch and compact carry-bag concepts with zip openings and top carry handles.

SPECIFICATION TO CONFIRM

Intended contents, internal dimensions, opening, lining, ventilation, reinforcement and final packing.

DAILY BACKPACKS

LE-BG-DP01 / LE-BG-DP02

Two everyday backpack concepts, shown with their corresponding rear constructions.

SPECIFICATION TO CONFIRM

Fabric, lining, pocket layout, shoulder-strap padding, back panel, dimensions and load requirements.

HYDRATION PACKS

LE-BG-HY01 / LE-BG-HY02

Two hydration-pack silhouettes with photographed front and rear views and reservoir-system components.

SPECIFICATION TO CONFIRM

Pack capacity, reservoir material, hose and valve, harness, cleaning instructions and applicable material evidence.

SLIM PACK + TOOL WAIST PACK

LE-BG-HY03 / LE-BG-TW01

Slim hydration-pack and multi-pocket tool-waist-pack concepts for coordinated riding and event support.

SPECIFICATION TO CONFIRM

Pocket arrangement, intended contents, straps, closures, reservoir details, dimensions and capacity.

EVENT BANNERS + DISPLAYS

LE-EV-BN01 / LE-EV-BN02

Barrier-banner and retractable-display concepts with photographed fronts and backs.

SPECIFICATION TO CONFIRM

Mesh or solid material, dimensions, eyelets, perimeter finish, cassette and installation conditions.

CUSTOM RACING BIBS

LE-EV-RB01 / LE-EV-RB02

Numbered race-bib concepts for 5K and other event formats, including attachment examples.

SPECIFICATION TO CONFIRM

Material, dimensions, number sequence, variable names, holes and attachment. Timing integration is separately confirmed.

EVENT SHIRTS + MERCHANDISE

LE-EV-MR01 / LE-EV-MR02

Coordinated running-shirt and tote concepts with photographed front and rear views.

SPECIFICATION TO CONFIRM

Textile composition, garment GSM, fit, size chart, print, handles, labels and individual packing.

5K PARTICIPANT ACCESSORIES

LE-EV-5K01 TO 04

Neck gaiter, running waist belt, sports towel and drawstring kit-bag concepts.

SPECIFICATION TO CONFIRM

Materials, dimensions, closures, straps, towel weight and the approved participant-pack item list.

VOLUNTEER + EVENT EXTRAS

LE-EV-EX01 TO 04

Organizer vest, bottle, cap and wristband concepts for staff and participants.

SPECIFICATION TO CONFIRM

Material, dimensions, visibility requirements, food-contact evidence, compliance and product-specific sourcing.

SIZE + ORDER CONFIRMATION

A style-specific measurement chart and an approved sample establish the final production standard.

Product group	Provide	Approve
Racewear + outerwear	Chest, waist, hip, sleeve, inseam	Garment chart, fit and materials
Women + youth	Wearer measurements and intended fit	Style grading and size availability
Gloves	Palm circumference, width and hand length	Hand fit, cuff and palm construction
Casualwear	Fit preference, size split and fabric brief	GSM, composition and garment chart
Bags + displays	Intended use and required dimensions	Construction, components and capacity
Event merchandise	Artwork, quantities and event date	Materials, finish and packing

Libertyedge™ INDUSTRIES

YOUR QUOTATION BRIEF

Share product codes, colours, quantities by size, artwork files, delivery destination and the required arrival date. Prices, minimum quantities, sampling, production timing and freight are confirmed against that brief.

Size labels are planning information. Materials, measured performance and any certification require evidence for the actual product selected.

MANUFACTURING + CUSTOMIZATION

Custom apparel development in Sialkot, Pakistan.

DEVELOPMENT TO FINISHED GARMENT

Apparel development and sampling, pattern making and grading, fabric sourcing, cutting, stitching, finishing and packing are reviewed against the selected construction and order scope.

CUSTOM DECORATION

Sublimation, screen printing, heat transfer, embroidery, chenille, labels and private-label packing are developed to approved artwork. Agree dimensions, placement, colours and the actual application method before production.

PRODUCT-SPECIFIC PRODUCTION

Apparel services are confirmed against the approved fabric, construction and quantity. Awards, bags, displays and event hardware require their own manufacturing or sourcing confirmation.

APPROVAL BEFORE PRODUCTION

Brief and artwork > material selection > specification > sample and fit review > final approval > production > inspection and packing. Confirm all commercial terms in the quotation.

PRECISION IN EVERY STITCH.

Development, decoration and quality requirements are agreed for the actual product and destination market.

QUALITY CONTROL + WORLDWIDE SHIPPING

MATERIAL + CONSTRUCTION REVIEW

Agree fabric, colour, trims, measurements and decoration standards. Review stitch quality, visible finish and fit against the approved sample, with recorded tolerances and inspection requirements.

FINAL INSPECTION + PACKING

Confirm appearance, quantity, labels, size sorting, individual packing and carton marks against the approved order. Specify any third-party inspection or test evidence in advance.

INTERNATIONAL SHIPPING

International shipping is arranged to the agreed destination and freight method. Confirm the consignee, delivery address, customs documentation, packing list and shipping responsibilities in the quotation.

A CONFIRMED SCHEDULE

Sampling, production lead time, freight cost and transit estimates depend on the product, quantity, approval date and shipment. No universal delivery or performance promise is made.
