OUR MISSION

At Liberty Edge Industries, our mission is to design and manufacture high-performance sports uniforms that empower athletes and elevate brands. We are committed to combining advanced fabrics, precision craftsmanship, and innovative design to deliver uniforms that perform under pressure, endure competition, and represent teams with pride.

Rooted in Pakistan’s legacy as a global manufacturing hub, we partner with clubs, brands, and organizations worldwide to transform ideas into custom-engineered sportswear—built for comfort, durability, and style. Every stitch reflects our dedication to quality, reliability, and long-term partnerships.

We don’t just manufacture uniforms — we manufacture confidence, identity, and performance.

DESIGNER+

The Designer+ Series is built for brands that demand creative freedom and refined detailing. This collection focuses on elevated design, precision tailoring, and premium fabric selections, allowing full customization of colors, patterns, and finishes. Perfect for lifestyle-inspired sports uniforms and statement apparel, Designer+ blends modern aesthetics with performance-ready construction.

EXPRESS10

The Express10 Series delivers speed without compromise. Featuring full-dye cut & sew sublimated uniforms, this series is engineered for rapid production while maintaining Liberty Edge’s high-quality standards. Designed for teams and brands on tight timelines, Express10 offers reliable performance, consistent fit, and delivery in just 10 days.

DIGIPERF

The DigiPerf™ Series integrates advanced performance engineering with smart design innovation. Utilizing a digital laser-cut ventilation system, airflow zones are strategically placed to enhance breathability and regulate body temperature. This series is ideal for high-intensity sports where comfort, moisture control, and ventilation are essential.

PRO SERIES

The Liberty Edge Pro Series represents our most advanced uniform offering. Built with elite-level materials, precision construction, and performance-driven features, Pro Series apparel is designed to meet the demands of professional athletes and top-tier organizations. This line elevates both functionality and visual impact, delivering unmatched durability, fit, and on-field presence.

The Pro Tier is engineered for elite competition and professional-level performance. Built using advanced technical fabrics, precision construction, and performance-driven features, this tier delivers maximum durability, mobility, and comfort. Designed for high-intensity play, Pro Tier uniforms offer custom fits, enhanced ventilation options, and premium finishing—trusted by athletes who compete at the highest level.

The Select Tier balances performance and value, making it ideal for competitive teams and programs seeking elevated quality without exceeding budget. Featuring premium-grade materials, reliable construction, and refined design options, Select Tier uniforms deliver consistent fit, comfort, and on-field performance for regular training and match use.

The Core Tier is built for teams that value reliability, affordability, and clean design. Focused on essential performance features and durable fabrics, this tier provides dependable uniforms for schools, clubs, and community programs. Core Tier apparel maintains Liberty Edge standards while offering cost-effective solutions without sacrificing quality.

DISCLAIMER

When applying a gradient fade, it does not result in a simple two-color transition. An intermediary color will always appear where the two primary colors converge. This intermediate color may vary in the final print. Please note that using gradient fades excludes any possibility of warranties or returns related to the fade. The provided mock-up is for visual reference and is not to scale.

FABRIC INFORMATION

At Liberty Edge, we take immense pride in meticulously selecting the finest fabrics available in the industry, ensuring that every product we create meets the highest standards of quality and durability. Our commitment to excellence drives us to continuously innovate and evolve, pushing the boundaries of design and functionality to deliver products that not only meet our customers’ needs, but consistently exceed their expectations.

Our dedication to utilizing the best materials and adopting the latest technologies reflects our unwavering pursuit of perfection in every piece we craft.

DYNADRY
130 GSM / 100% POLYESTER
A versatile, lightweight fabric offering exceptional air permeability without sacrificing moisture wicking capabilities.

DYNA LITE
145 GSM / 100% POLYESTER
Traditional lightweight interlock fabric with excellent drape, sheen and durability. A great all around fabric.

DYNAPIN
180 GSM / 100% POLYESTER
A medium weight knit fabric that features ultra fine pinhole mesh construction. Great all around fabric with excellent breath-ability and drape.

AIRMESH
190 GSM / 100% POLYESTER
A mediumweight durable and versatile fabric used extensively in hockey and lacrosse products. Micro cell construction give high loft, durability and breath-ability.

PROKNIT 2.7
270 GSM / 100% POLYESTER
Heavyweight interlock with outstanding durability, limited stretch and reinforcing fibers for use in rugby shirts and baseball pants.

FEATHER MESH
110 GSM / 100% POLYESTER
Our lightweight 2-way mesh fabric is a durable and breathable traditional mesh design used in strategic high ventilation areas.

PRIME FLEECE
250 GSM / 100% POLYESTER
Heavyweight fleece with a traditional cotton look. Soft, warm and durable.

WIFFLE MESH
160 GSM / 100% POLYESTER
Lightweight high loft fabric with outstanding air transfer properties.

FLEECE LINER
190 GSM / 100% POLYESTER
Traditional lightweight interlock fabric with excellent drape, sheen and durability. A great all around fabric.

NANOMESH
200 GSM / 100% POLYESTER
Medium weight mock mesh fabric with excellent drape, sheen and breathability.

DYNAMESH
200 GSM / 100% POLYESTER
Traditional medium weight mesh fabric offering exceptional air permeability.

HEX 16.5
165 GSM / 100% POLYESTER
Modern lightweight fabric with outstanding drape, sheen and breath-ability. Subtle hex pattern in weave.

ULTRAFLEX
FRONT: 160 GSM / 15% SPANDEX
BACK: 160 GSM / 10% SPANDEX
Flat knit front with pin dot mesh back - abrasion resistant, high-stretch & breathable

AEROSPHERE
160 GSM / 100% POLYESTER
A medium weight knit mock mesh fabric. Great all around fabric with excellent breath-ability and drape.

DAZZLE
160 GSM / 100% POLYESTER
Heavyweight fabric with brilliant shine. Used primarily in basketball.

FLEX DURAFIBER
260 GSM / 10% SPANDEX
Heavyweight fabric with outstanding durability and stretch. Used primarily in football.

FLEX DRY
220 GSM / 12% SPANDEX
Mediumweight high spandex content with smooth finish and incredible stetch. Used in garments that desire high stretch

FLEX COMPRESSION 2.2
220 GSM / 14% SPANDEX
Mediumweight high spandex content with smooth finish and incredible stetch. Used for compression garments.

PROFLEX MESH
280 GSM / 8% SPANDEX
Heavyweight durable spandex with outstanding durability, stretch and breath-ability. Used primarily in football.

FLEX STRETCH
270 GSM / 14% SPANDEX
Heavyweight durable spandex with additional stretch. Used primarily in wrestling.

FLEX MESH 2.0
200 GSM / 8% SPANDEX
Medium weight fabric with pinhole mesh design for incredible stretch and breathability.

FLEX AEROFIBER
225 GSM / 8% SPANDEX
Medium weight durable spandex mesh with outstanding stretch & breath-ability. Used in wide variety of sports and apparel.

PROFLEX
320 GSM / 12% SPANDEX
Ultra-heavyweight fabric with outstanding durability and stretch. Used primarily in football.

FLEX SOFTSHELL
290 GSM / 6% SPANDEX
Heavyweight multi-layer bonded fabric with 4-way stretch, outstanding wind and water resistance.

FLEXWEAVE 1.4
140 GSM / 6% SPANDEX
Lightweight 4-way stretch woven fabric with smooth finish and excellent drape. Woven fabrics offer outstanding durability and pick resistance.

FLEXWEAVE 1.9
190 GSM / 6% SPANDEX
Medium weight 4-way stretch woven fabric with smooth finish and excellent drape. Woven fabrics offer outstanding durability and pick resistance.

CALICO 2.2
220 GSM / 100% POLYESTER
Medium weight ultra strong, low stretch twill fabric. Features outstanding durability.

HOW TO ORDER

1. CHOOSE A STYLE

Styles are listed below product titles. Style example: BA-MSS02-SEL

2. CHOOSE A STYLE

Examples of stock designs are shown at the end of each sport section. For complete list of designs visit the Designer+ Custom Builder

3. CHOOSE DESIGN COLOURS

Each design has a unique colour sequence and is broken down by product parts. See page 133 for all sublimated colours.

4. ADD ARTWORK

Add logos, numbers, fonts, and other design elements.

5. CHOOSE LOCATIONS

Select the locations for the artwork you would like to add,

6. SUBMIT ORDER DETAILS

Submit quantities, sizes, and player names (if applicable) via the roster feature.

7. REVIEW ORDER

Confirm accuracy of all information provided

8. SHARE DESIGN

Complete your design and share the link to your OneTEAM Sports sales rep to get started on your order.
